

Liquid 'K'

PRODUCT DESCRIPTION

Liquid 'K' is a concentrated liquid, general purpose cleaner and foam additive.

BENEFITS

Saves Time and Labor

- Exceptional wetting agent action - help assure quick penetration of protein food soils.
- Easy to use - leaves equipment shiny and spot free. No touch-up labor.
- Produces a high stable foam for removing normal soil loads, especially in hard to reach areas.

Use in combination with Oxonia Active for foam sanitizing non-food contact surfaces

Reduces Costs and Inventories

- Works in all water conditions - no additional additives needed.
- Versatile - cleans all types of surfaces, including glass, plastic, metal, and painted.
- Economical use concentration.

Environmental Implication

- Non-phosphated, helps minimize sewage effluent surcharges.

Liquid 'K'

PROPERTIES

Form	liquid	pH of 100% solution.....	7.3
Color	yellow	Specific gravity at 68°F.....	1.029
Foam.....	excellent	Pounds per gallon.....	8.57 (3.88 kg)
Wetting ability	excellent		

Formula contains no phosphorus.

TO USE

Liquid 'K', formula LC-300, is an exceptional detergent for general cleaning in dairy-food processing operations. It is specially compounded to quickly and easily cut grease, grime and atmospheric film. Liquid 'K' rinses freely, leaves no film. Effective-economical-easy to use.

For regular, general maintenance clean-up...walls, windows, glass, painted surfaces...use 1 ounce of Liquid 'K' per 6 gallons (1.3 mL/L) of warm water. Liquid 'K' is also excellent foam additive for foam cleaning with Ecolab alkaline or acid detergents.

Use Liquid K in combination with Oxonia Active as an effective foam sanitizer of precleaned non-food contact surfaces, such as boots, floors, walls, drains and associated equipment. Prepare a solution of 0.2% v/v Oxonia Active and 0.13% v/v Liquid K. This combined solution at this concentration is effective against *Staphylococcus aureus*, *Enterobacter aerogenes*, and *Listeria monocytogenes*. Apply solution as a foamer using recommended equipment.

Consult your Ecolab Representative for specific use instructions and recommended dispensing equipment.

For precautionary and first aid information, consult the Material Safety Data Sheet (MSDS) or product label.

STATEMENT OF ASSURANCE

This product is effective under the intended conditions of use as outlined on the product label or specified in a Sanitation Standard Operating Procedure (SSOP). This product will not adulterate food product provided that before using it, food products and packaging materials are removed from the room or carefully protected and after using these compounds, surfaces are thoroughly rinsed with potable water.

A Letter of Guaranty as indicated in USDA's Sanitation Performance Guideline is available from your Ecolab representative.
