

OXY-PAK™

PRODUCT DESCRIPTION

Oxy-Pak™ is a stabilized hydrogen peroxide product especially formulated for use in aseptic packaging and processing.

BENEFITS

Saves Money

- Pre-mixed, ready to use formulation for most applications
- Reduced potential for use errors - eliminates need for multiple hydrogen peroxide formulations

Assures Quality

- Rapid action to promote quality assurance
- Stabilized to maintain activity even at high use temperatures
- Won't degrade over long storage periods

Saves Time

- One-step product - additional stabilizers not required for most applications
- Helps reduce labor, no mixing or dissolving required

Environmentally Responsible

- Low phosphate

OXY-PAK™

PROPERTIES

Form..... liquid
Color..... colorless, clear
Odor..... odorless
Foam none
Specific gravity..... 1.130
Pounds per gallon..... 9.41 (4.27 kg)
pH (as is) 2.5-4.2
Hydrogen peroxide 35.0%
Phosphate (PO₄), mg/L 100 max

For cautionary and first aid information, consult the Material Safety Data Sheet (MSDS) or product label.

TO USE

For aseptic packaging equipment, use as supplied for maintaining a bath in accordance with equipment and aseptic process requirements.

STATEMENT OF ASSURANCE

This product is safe and effective under the intended conditions of use as outlined on the product label or specified in a Sanitation Standard Operating Procedure (SSOP).

A Letter of Guaranty as indicated in USDA's Sanitation Performance Guideline is available from your Ecolab representative.
