

HD-325™

PRODUCT DESCRIPTION HD-325™ is a heavy-duty, powdered chlorinated detergent for circulation cleaning of fat and protein soils.

- BENEFITS**
- Promotes Quality Assurance**
 - ▲ Enhances finished product quality and shelf life when used in a total Ecolab product and professional services program.
 - ▲ Chlorinated formula attacks and removes protein films that can harbor bacteria.
 - ▲ Free-rinsing – leaves equipment virtually spot-free.
 - Saves Time and Labor**
 - ▲ Low foaming formulation helps eliminate pump cavitation.
 - Helps Reduce Cleaning Costs**
 - ▲ High hard water tolerance.
 - ▲ One-step cleaner – no chlorine or water additives required.

PROPERTIES

Form	powder	Alkalinity:	
Color	white	Active as Na ₂ O	28.8%
Odor	slight chlorine	Total as Na ₂ O	44.3%
Foam	low	Available chlorine	2.5%
pH 1% solution	12.3		

Formula ingredients contain not more than 7.0% phosphorus, 1.2 grams per gallon of average recommended use concentration.

DIRECTIONS FOR USE For circulation cleaning of stainless steel surfaces, use .25-1 oz. per gallon (1.9-7.5 g/L) of water.

Consult your Ecolab Representative for specific use instructions and recommended dispensing equipment.

For cautionary and first aid information, consult the Material Safety Data Sheet (MSDS) or product label.

STATEMENT OF ASSURANCE This product is effective under the intended conditions of use as outlined on the product label or specified in a Sanitation Standard Operating Procedure (SSOP). This product will not adulterate food product provided that before using it, food products and packaging materials are removed from the room or carefully protected and after using these compounds, surfaces are thoroughly rinsed with potable water.

SUSTAINABILITY POLICY We have a commitment to our customers to provide effective programs that help protect the health and safety of their customers and employees. We will sell products or services that maximize performance, limit total environmental impact, and are safe as our customers commonly use them. We will inform our customers of the environmental impacts of our products or services, and of their correct use.
