# BAC-DROP SYSTEM

"My parlor has never been cleaner. Bac-Drop makes maintaining a clean parlor EASY! There is no scrubbing or excess time needed. I really like that! Bac-Drop has removed all my hard water staining from the stainless and meters. It makes everything shine. Bac-Drop also has removed the bio-film and algae that was forming on my parlor floor. The slippery spots are gone! Bac-Drop provides peace of mind that my units are clean. After they are sprayed down the chances of cross contamination are greatly reduced. I really like that the product has no strong odor, sticky or slippery residue and is safe for my cows and my help. I don't care how much the products costs...

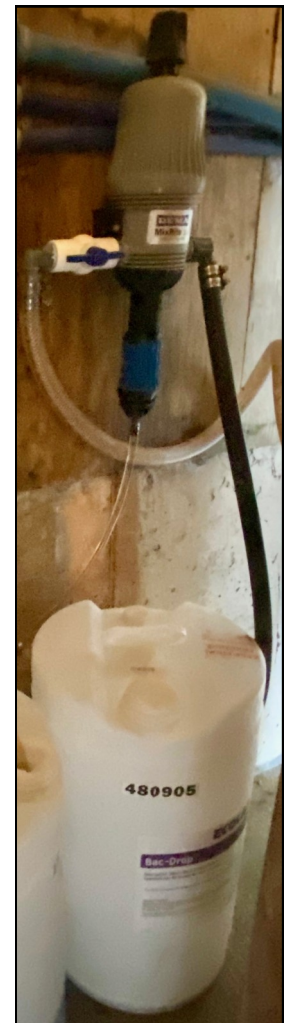

**IT WORKS AND IT'S WORTH EVERY PENNY!"**
