## Disposable Glove Sizing Chart

### DIRECTIONS:

Place hand on chart, lining up  
saddle of thumb and side of  
forefinger. Press down firmly.  
Your correct glove size is  
indicated by the size area that  
the widest part of your hand  
falls within.

# Chemical Resistance Chart

## THIS CHEMICAL RESISTANCE CHART IS FOR ADVISORY USE ONLY!

Environmental conditions, exposure times, chemical concentrations, and residues may affect glove performance.

It is strongly advised that onsite testing of all gloves be conducted to help determine safe usage parameters.

Glove chemical resistance is based on 5-mil gloves. Glove material thickness will affect chemical resistance duration.
