Merrick's Calf Nurser with Super-Calf™ Nipples

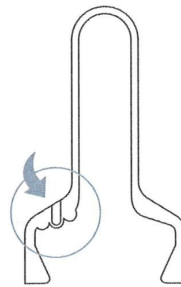

YOU GET WHAT YOU PAY FOR!

Our patented nipples may cost a little more . . . but
THEY LAST LONGER!

Merrick's Super-Calf Nipples feature the first advance in calf nursing nipple design in many years. Incorporated into the nipple design is a patented* air release valve, which prevents leakage and yet allows air to be released into the bottle as the calf is nursing. This ensures the proper flow of milk through the nipple to the nursing calf. This valve is protected with extra "bumpers" for even longer wear.

Merrick's Calf Nurser Bottle offers the best in overall strength as well as a new easy-clean bottle lip. This easy-clean feature helps the producer quickly and thoroughly clean and sanitize each bottle to aid in preventing any buildup of harmful bacteria.

The surface of the Super-Calf Nipple has been specially treated to promote ease of use. This specially treated nipple surface and the combined nipple and bottle design work together to more effectively position the nipple on the bottle. Less struggle means less wasted time during calf feeding.

Made in the USA
*U.S. Patent 5474028

**AVAILABLE
IN BOTH
SNAP-ON &
SCREW-ON
STYLES!**

Product No.	Description	Quantity
45060112	Super Calf Snap-On Nipple	Case 48
